Starting prices

Toyota job	What moves the price	From
Toyota blade cut	Standard or laser cut blade	£50
Registering a key you supply	Chip type and model year	£60
Toyota fob repair	Flat cell, worn buttons or a cracked case	£60
Broken Toyota key removed	Door or ignition, and depth	£80
Toyota door lock repair	Door position and lock fitted	£80
Toyota opened	Deadlocks and alarm state	£85
Toyota spare remote key	Blade, chip and remote buttons	£145
Toyota ignition barrel	Barrel rebuilt or replaced	£150
Immobiliser or module repair	Unit reset or coded to the car	£150
Toyota smart key	Fob type and chip generation	£150
Hilux or Proace key	Model year and key style	£155
No Toyota key left	Lost keys removed, new key registered	£180

Each price is where that Toyota job starts. Lockouts late at night and Land Cruiser and bZ4X keys start higher, and the price for your Toyota is fixed from the registration before Ben drives out.

Toyota key types

Toyota key style	Toyotas that use it	Work done at the car
Chip key with blade	Older Yaris, Aygo, Corolla and Avensis	Blade cut, chip registered
Remote key with blade	Aygo, Yaris, Auris, RAV4 and Hilux	Blade cut, remote and chip registered
Smart key, earlier chip	Prius, Auris and RAV4 from before about 2015	Fob registered through the diagnostic socket
Smart key, encrypted chip	Most Toyotas built from about 2015	Fob registered after a secure handshake with the car
Emergency blade	Inside every Toyota smart key	Cut to the door lock for a flat fob

Proace and Proace City	Remote key	£155
Land Cruiser	Smart key	On the call
bZ4X	Smart key	On the call

What to have ready

The registration, the Toyota model and year, where the car is and whether any key still works. Keep the V5C and photo ID at the car, as ownership is checked before a key is cut, and have every Toyota key there, so each one keeps working after a new key is added. Lockouts are taken at any hour, and planned work is booked between 8am and 7pm, Monday to Saturday.
